DETAILED ACTION

1. The Examiner has carefully considered Applicant's response filed November 27, 2006. In view of the terminal disclaimers, Rule 1.132 declaration, and accompanying remarks, all previously set forth rejections have been overcome.

Terminal Disclaimer

2. The terminal disclaimer filed on November 27, 2006, disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of Application Number 10/996,897 and 11/023,153 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Response to Amendment

3. The declaration under 37 CFR 1.132 filed November 27, 2006, is sufficient to overcome the rejection of claims 1-12 based upon Hainsworth et al. (US 6,955,193), Erb, Jr. et al. (US 2002/0182967), Matsuda et al. (US 5,316,834), and Assink et al. (US 2004/0028958).

Reasons for Allowance

4. Claims 1-12 are allowed.

5. The following is an examiner's statement of reasons for allowance: all previously set forth rejections have been withdrawn in view of the presently filed response. No prior art was found to teach or suggest a reinforced nonwoven fabric for fire blocking an article, comprising an open mesh scrim having a first side and a second side, the first side having crimped, heat-resistant organic fibers compressed thereon, the fibers held in a compressed state by a thermoplastic

binder, wherein when the fabric is exposed to heat or flame, the fabric increases its thickness by at least three times.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
